

# About PKF Mack

“ For over 35 years we have been working with Western Australians to grow their businesses and their personal wealth ”

### **PKF Mack has been serving the Western Australian business community for over 35 years.**

Established in 1978, the firm has established a reputation for providing the Western Australian business community with high quality and personal Chartered Accounting services.

Our goal is to improve your business by offering growth, success and wealth through a holistic, informed and personal approach.

We do this by getting to know you on a personal level as well as understanding your business. Using this knowledge of your personal and business goals, we develop an all-inclusive solution that will help you achieve your goals.

When you become a client of PKF Mack you benefit from real, on-going, hands-on contact with our Partners and staff from beginning to end.

### **THE HUMAN TOUCH**

Our Partners and staff are all qualified professionals - we know this doesn't set us apart from our competitors. What does set us apart is our ability to combine this professional expertise with a human touch.

Trained to see the big picture, we understand that you and the people behind your business are integral to your success. You are more than simply numbers and a business structure. As business managers and owners, our clients benefit from our insights.

Our Partners and team are professionals who maintain their knowledge and expertise through participation in specialist industry bodies. This allows us to provide you with comprehensive advice that is commercial and practical to implement.

### **THE PKF MACK STORY**

In 1978, David Mack established DJ Mack & Co, a Chartered Accounting firm based in West Perth. David led the firm until 1987 and the firm grew to be a well-respected, mid-tier practice with a reputation for high quality advice and exceptional client service.

In 2011, Mack & Co joined the PKF Australia and International networks, becoming PKF Mack & Co - recognising the strength of the PKF networks.

Today we continue to grow and build upon our solid reputation in the Perth market. From September 2014 we became known as PKF Mack - a name change that reflects our strong commitment to our history and demonstrates our focus on the future - where innovation, collaboration and efficiency highlight the way forward.

### **COMMUNITY**

As a proudly owned and operated Western Australian business for over 35 years, PKF Mack takes pride in being an active member of the community. As a business we want to make a positive change to the world we live in.

We do this by supporting a number of community and charity organisations throughout the year. This support is not just monetary - our people happily contribute their time and energy to community organisations throughout the year.
